Important Sale Information:

Terms: Terms of sale are cash or good check made payable immediately after the sale and before any cattle are loaded. Invoiced (absentee) accounts are payable in full within 10 days of the sale or are subject to a 2% finance charge on the tenth day. A fee of \$50 will be assessed to all returned checks. **Liability:** All animals and merchandise will be at the buyer's risk as soon as bid off but will be cared for by the seller(s) for a reasonable amount of time during and immediately following the sale. Neither the owners, auctioneers, sale manager or other affiliated personnel may be held responsible for any accidents that may occur. PrimeTIME AgriMarketing NETWORK, Inc. acts only as an agent between buyer and seller and may not be held responsible for any livestock or merchandise. It is to be clearly understood that PrimeTIME AgriMarketing NETWORK, Inc. and its representatives act only as a medium between buyer and seller, and may not be held liable, financially or otherwise, for any failure on the part of the same to fulfill any obligations set forth in this sale or for the truth of any warranties expressed or implied. Neither does PrimeTIME AgriMarketing NETWORK, Inc. assume any financial obligations to collect or enforce the collection of monies between buyer and seller. This catalog has been prepared by the sale manager from information provided by the seller(s) and is assumed accurate as presented to us. However, PrimeTIME AgriMarketing NETWORK, Inc. will in no way guarantee age, pedigree, or reproductive status of the animals selling. All exceptions taken and adjustments made are between buyer and seller. **Breeding Information:** Please see the footnotes regarding breeding information for each lot. All bred females will be examined for pregnancy by a qualified DVM prior to the sale and any changes to their breeding status will be made available sale day. Conception dates listed in this booklet are based on the results of said pregnancy examination and/or known breeding dates, and are intended as estimates of calving date only. **Health:** All animals will be accompanied by a health paper valid for interstate shipment. Buyers should make themselves aware of their respective state's health requirements prior to the sale. **Insurance:** Livestock insurance will be available at the clerk's desk through Great American Insurance. **Announcements:** Any announcements made from the sale block by the owners, auctioneer, or sale manager take precedence over any printed materials. **Sale Booklet Prepared by:** Craig M. Reiter, Sale Manager.

Welcome to Partisover and The Southern Style Sale,

We sure hope that you'll save the date for us on April 14th because we are especially excited to host you at our second annual Partisover Southern Style Sale. We are busy preparing what we think is a special offering of Angus and SimAngus seed stock so please accept this invitation to join us on the ranch, evaluate the cattle, and let us know how we can better serve your operation.

We've been breeding performance black seed stock at Partisover since 1970 and we are happier with our cattle now than ever before. Our herd was built around the best Angus cattle we could breed and find and we have always relied heavily on the complete and accurate reporting of performance data as well as the lessons that life and my dad, Dr. Dan Daniel, have taught me about live evaluation. Our Angus herd was one of the first thoroughly documented performance-based herds in the country and we continue to build with the best female lines that have stood the test of time and the ever-changing industry. Sure, the cattle can always be better and our cattle aren't worth a thing if they do not work for you, but the incorporation of powerful Simmental herd sires like Upgrade, 3C Macho, Mo Magic and more have created a whole new level of enjoyment and rewards for our outfit. We invite your evaluation and comparison because we think that these cattle are as versatile and good as any we've run in our long history.

Great Angus cows will always be the backbone of our operation but, thanks to our great friends and partners that help us to find and own elite Simmental bulls, the Partisover Herd Bull Battery has never been stronger. Upgrade continues to amaze us with his siring ability and he remains as the most potent bull of any breed that we've ever known. He is the most complete performance sire in the breed today, his young daughters are going to be special cows, and sons from his 2011 crop topped both the Calhoun Bull Test and Bull Power Sales plus other sons from Partisover were show ring winners for Tingle Farms, KY, and Pleasant Hills Farm, KY, this year. Recently we acquired, with the help of friends, the most intriguing Upgrade son we could find, Upper Class, as the \$50,000 top seller of the 2012 Sandeen Sale. He is exceptionally well bred and appealing and he will be on display sale day when his first breeding packages will be sold. He too stems from one of the most proven Angus cow families in the breed today and we are excited to see the new dimension that he will bring to our program.

We strive to raise practical cattle that cover as many beef business basics as possible for maximum outputs from minimum inputs, but we love good looking ones too and we're so proud of the juniors that show our stock. Thank you to the many young people that support our program and experienced recent success with their Partisover purchases. Special congratulations to Callie Akins, GA, for her 2013 GA Junior Livestock Show Grand Champion Low-Percentage Female and to Michael Loughridge, GA, for his 2012 GA State Fair Grand Champion Percentage Female, both with females that sold in Southern Style 2012. We have a great selection of heifer calves to choose from this year and we'd love to help you make the most of your next project.

It takes a lot of folks to make things work right, when they do, on the ranch and I am so grateful for the help of my great friend and stockman, Johnnie Johnson, again this year as well our student hands: Stuart Harkin, Chandler Akins, and Jacob Holmes; plus the great every day assistance of my family and Fernando Madera. Great friends and family have pushed our program to new heights, and without them none of this would be possible.

We're working every day to make the cattle better and I hope you'll find more than one that will help make your outfit work even better this April 14th. Call on us anytime should you have any questions or suggestions; your input is always valued.

In closing, I'd like to make a few guarantees: 1) If we know it, you'll know it. If we know the sex of a calf in-utero, you'll know it. 2) All birth dates, birth weights, performance records, breeding dates, pregnancy status, and photos are guaranteed to 100% represent the cattle selling. We know no other way.

**I hope you like 'em and I hope to see you at Partisover,
Randy Daniel**

The most impressive and popular Emblazon daughter that we've ever worked, the sale of this cow is proof that we are committed to sharing our very best females in this event. She is the dam of the favorite keeper heifer shown here and another great product of Partisover Burgess 156, the \$14,500 top seller of the 2006 Circle of Success Sale. Her maternal sister brought \$9,500 in Southern Style 2012 to Strolberg Club Calves, NE, as this family never lets us down for great looks and maternal excellence. Her combination of size, look, udder quality, and power is hard to match and she has been rock solid in production. Come to Colbert and select from our best...Southern Style!

A great improvement option from the top of our most proven donors, this is the dam of Clay McGuire's 2012 Alabama Junior Livestock Show Supreme Champion Female that was an \$11,500 top seller of our 2012 sale and is now a featured donor for Boysel Cattle, OH, and Burt Cattle, OH. More progeny have been past sale highlights like the pair of daughters that averaged \$4,500 in our 2012 sale and the exciting, natural daughter that sells here plus high-performing sons. This cow will impress you with her sweet lines, powerful build, and shocking udder quality for her age. She has stood the test of time and she will profit quickly for any breeder lucky enough to take her home!

Due to calve 11/04 to Dawg

From Partisover Burgess 108, the leader at Blue Q Ranch, NC, and the first cow that Kerry Collins purchased to start his program, here is a complete and valuable Predestined daughter with excellent length, balance, and upgraded muscle. Sisters have been \$12,000 and \$14,000 bred heifers and a brother by Upgrade was a top seller to Tennessee Tech University.

One of five excellent full sisters leading the way at Partisover, this is one powerful SimAngus beauty! Another outstanding full sister sells as Lot 7 and this super-thick, big-middled cow weaned the heaviest bull calf on the ranch this fall. Frank Jackson, SJ Feeders, MN, owns several progeny that he'll brag about, and this cow is an embryo factory with a lifetime average of 12.75 embryos per flush with her last occurring on 11/09/10.

19

Dear Breeders,

Randy asked me to write a letter last year for the catalog and then he asked me to write one for this year. The best thing about me writing this letter is that the genetics and quality of this sale offering are 100 times better than my ability to write!

I could talk about EPD's and how good I think the cattle are, but the real selling point will be when you look for yourself. It was difficult to convince Randy to offer some of these cows in the sale offering; but, as you will see in the pages ahead, he caved! This is an awesome offering and you can be rest assured that on April 14, you will be able to buy with confidence.

I feel very fortunate that I get to work with Randy, Beth, and Pop, this great cow herd, and that I get to meet all of the wonderful people selecting cattle.

Thanks to the young college men for all their hard work and for trying to keep us young.

I look forward to seeing everyone at Partisover on April 14!

Johnnie Johnson

Thanks for everything, Johnnie!

This pedigree might be our hottest, and this is one you surely need to see from Upgrade and Partisover Burgess 532! This young donor is stacked with proven performance and success including full brothers like Partisover Promotion 248Y, the Reserve Grand Champion Percentage Bull of the 2012 NAILE, and Partisover Power-Up 241Y, the top-selling bull of our 2012 crop and a featured new sire to this offering. A full sister is Lot 34 and her dam also produced our popular former herd sire, Partisover Transformer, that sold to Willis Farms, WV, in our 2012 sale. We warned you about the potential of her donor dam when we featured her in our 2012 embryo sale and she struck gold with her third high-selling bull plus this special heifer that leads the pack with her shapely, big boned, attractive design. What a cow she will be!

Due to calve 9/11 with an embryo heifer - Upgrade x Burgess 639

Tested NHC

Another great extra-value option and another young leader that is way too good to be a recipient, this is a powerful Upgrade daughter. She is ideally sized with leading depth. Her next success comes from Upgrade and one of the best Right Time 24J daughters of all time, Burgess 639!

PARTISOVER BURGESS 428

Due to calve 9/11 with an embryo bull - Upgrade x Burgess 639

A very young daughter of Lot 11, this cow will make a wise selection. She works hard, milks great, and has a sharp, square, attractive build. She raised a top calf in her first attempt and recycled quickly enough to get the valuable embryo herd sire she is carrying now!
