TERMS OF SALE:

Cash or check in US currency. Please make settlement with sale clerk immediately following the sale. All settlements must be made with the sale clerk before any cattle will be released. All registration papers will be transferred and mailed to the buyer of each animal purchased, after funds have been verified in the sale account. The highest bidder will be the buyer and if any dispute arises between two or more bidders, the animal in dispute shall be immediately be put up again for advanced bids. Each animal becomes the risk of the purchaser as soon as sold. We will do all that is possible to ensure your animals will be handled safely. Insurance will be available for purchase the day of the sale.

INSPECTION OF CATTLE: Cattle will be ready for viewing the evening of October 6, 2011 between the hours of 4:00 P.M. and 6:00 P.M. and the following morning of October 7, 2011 from 9:00 A.M. until sale time.

HEALTH: All cattle will sell in compliance with the health requirements of the state of Tennessee. All cattle in the sale are in excellent health. All females selling have been officially calf hood vaccinated. All animals have a negative BVD PI status. All breeding age bulls have been BSE tested. All Triple C cattle are negative for John's Disease. Health papers will be made available for interstate shipment.

BREEDERS GUARANTEE: All animals in sale are guaranteed to be breeders, provided they are properly handled and cared for. If any animal fails to breed, the seller must be notified within six months of the sale date. If the animal is in sound, healthy condition, the buyer may return it to the seller, who shall have six months to test it. If the animal then proves to be a non-breeder, a satisfactory exchange will be made or the purchase price refunded (The American Salers Association customary recommended rules.) Guarantee does not apply to sick or injured animals.

NOTE: We reserve the right to withdraw any sale lot not meeting our specifications prior to the sale time. All persons who attend the sale do so at their own risk. Neither the owners, nor any of the persons connected with the sale assume liability, legal or otherwise, for property loss or accidents. Sale day weights and other pertinent information will be available sale day.

ANNOUNCEMENTS: Announcements made the day of the sale take precedence over the statements in the sale catalog.

Triple C Farms
4275 Gatewood Ford Road
Jamestown, TN 38556

Dear Friends,

It is our pleasure to welcome you to Jamestown, Tennessee for this great sale of some of the top females and bulls within the Salers breed. Triple C Farms is committed to producing fertile, performance oriented cattle with thickness and volume. We place great emphasis on the functionality of the female and soundness of our bulls. Our cattle display super disposition and work well in multiple environments.

We believe this fall would be a great time for renewed interest in the Salers breed. Saler and Optimizer cattle have much to offer. As the cattle industry wants added performance with great carcass traits, in a low cost management package; we fill the cattle in the sale fit the MOLD.

Thanks again for your interest in our program. We love visiting with customers and friends. If we can help with any questions please give us a call.

Respectively,

The Conatser Family
Edwin & Linda Conatser
Jason, Pamela, Jakob & Mahalia Conatser

Projected EPD's

Offered By: Triple C Farms

When we decided to have a fall sale, we wanted to offer a couple pregnancies sired by AVS Out West 210X. What a better way to compliment our young herdsire than to mate him to the best cows we can. Triple C was grateful for the opportunity to flush the TDH donor, DJF Pld Georgia 725G. We purchased Out West as the 2011 People's Choice bull at Denver and have been proud of how well he has matured. Lining up a producer like Georgia to Out West is like putting money in the bank. The recipients carrying these pregnancies are registered Salers females.

Ms Glitter is a stout made female with numbers that read low birth and high growth. You can't beat a combination like that. 645S is a maternal sister to Ms Jan and is super sound as well. If you are looking for young cows to invest in that are complete in phenotypic design and are baked by strong pedigree and performance EPDs then stop and look at 645S. Bred to the extreme performance bull Mo Boss. Imagine the return next spring. A daughter sells as lot 30.

PE to ZBR Mo Boss 088X (665570) from 4/10/2011 to 6/15/2011. Safe in calf. Expected calving date range: Jan. 18th to March 25th 2012.

ETC Ms Glitter 645S

She sells as Lot 22.

Ronnie Reese says this is about as nice a cow as he owns. His commitment to sale the good ones has allowed us to offer this female to you. 806U has an easy going temperament, and is filled with maternal characteristics. She raised her first calf last year and did a super job on forage to top it off. Her dam has been a solid producer and 806U is not a stray from the same title. Take this young female home and she'll make you money.

PE to Pate's Expect Bando (AAA#15573707) from 12/21/2010 to 2/20/2011. Safe in calf. Expected calving date range: Oct.1st to Nov. 30th.
